

Podcast Script: Making Money With Our Partners

Welcome to this 60 Second Sugar snippet.

Have you thought about how you can apply your skillset to make money for yourself?

This is Jeff Campbell with SugarCRM's Channels Sales Group.

One way is to consider teaming up with one of SugarCRM's authorized partners. SugarCRM's commercial business continues to grow at a rapid pace, and we're working more and more with our partners to handle implementation projects for Sugar Professional and Sugar Enterprise.

And this opportunity does not only apply to developers in large markets like the US and Europe. Advances in internet collaboration and deployment allow many of our projects, even very large ones, to be implemented remotely.

So how do you pursue this? One way is to look at our partner directory at www.sugarcrm.com and find partners that are in your area, then contact them directly. Another way is to contact SugarCRM and we'll help you find the right partner. Send an email to partnerships@sugarcrm.com with a short bio and your interests. We'll be in touch shortly.

And that's your 60 second Sugar snippet. Goodbye!
